MARINE CORPS BULLETIN 3000

From: Commandant of the Marine Corps
To: Distribution List

Subj: MARINE CORPS AUTOMATED READINESS EVALUATION SYSTEM (MARES) EQUIPMENT

Ref: (a) MCO 3000.11D
(b) CMC msg 061952Z Oct 03
(c) MCO P3000.13D

Encl: (1) Table of MARES Reportable Equipment
(2) Summary of Additions and Deletions to the Table of MARES Reportable Equipment
(3) Table of Functional Area Codes and Weapon System Management Points of Contact

1. Purpose. To publish FY07 MCBul 3000 with administrative changes.

2. Effective Date. 1 Feb 08.

3. Summary of revision. In an attempt to more accurately capture the readiness of Marine Corps units, input for the FY07 MCBul 3000 was received from the Marine Forces (MarFors), Supporting Commands (Marine Corps Combat Development Command (MCCDC), Combat Development and Integration, (CD&I), Marine Corps Logistics Command (MCLC), Marine Corps Systems Command (MCSC)), as well as the Operational Advocacy Groups (OAGs). The OAGs mapped the Mission Essential Tasks (METs) for their units with the equipment required to complete those tasks for each element of the MAGTF. The result is a more comprehensive list of Principal End Items and Mission Essential Equipment to depict readiness. This year's MCBUL 3000 includes TAMCNs not previously listed on the Bulletin such as C TAMCNs directly related to the mission capability of certain units, as well as Urgent Universal Needs Statement items. There are sixty (60) items of equipment added as PEI, twenty-three (23) items of equipment added or changed to MEE. Thirteen (13) items of equipment were deleted from PEI due to replacement and/or technological obsolescence. There were no items deleted from MEE. Total quantity of MARES reportable equipment is two hundred fifty-six (256) items, with forty-nine (49) items identified as MEE. FY06 had a total 199 MARES reportable items, with 27 identified as MEE.

4. Background

a. References (a), (b), and (c) establish the criteria for reporting the level and condition of unit equipment. Reference (a) provides the

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.

20 MAR 2008

procedures for nominating and reporting equipment as MARES Reportable. This Bulletin identifies the readiness reportable PEIs and MEEs selected for equipment status reporting within the Marine Corps in support of Status of Resources and Training System (SORTS).

b. Definitions:

(1) Principal End Items (PEI): "...[are those items that have been] nominated by the MarFors, Supporting Commands (MCCDC CD&I, MCSC, MCLC). The items selected are of sufficient range to provide an adequate measure of overall equipment status or capability for MarFors. To preclude gross distortions of the equipment status percentages, items whose serviceability/operational capability undergo frequent inspection or which can be readily replaced by the unit's first source of supply are not reportable, i.e., rifles, pistols, gas masks. Non-reparable items are also excluded from MARES reporting." [para 6.a.1-3, 7.a.1]

(2) Mission Essential Equipment (MEE): "are items of equipment whose availability is essential and indispensable for the execution of the mission essential tasks of the unit in support of a combatant commander. Final decision for MEE lies with the Joint Staff (J3). Items designated as MEE are of such importance that they are subject to continuous monitoring throughout DOD. MEE are a subgroup of PEI." [para 6.b.1-3, 7.a.1]

c. Enclosure (1) is the list of Readiness Reportable Equipment.

d. Enclosure (2) summarizes the equipment added, deleted, or changed since the last update to the table of MARES reportable equipment.

e. Enclosure (3) is a current table of Weapon System Management telephone numbers by Functional Area (FA), and Weapon System Codes (WSC). Commanding General, Marine Corps Logistics Command (CG, MCLC) and Commanding General, Marine Corps Systems Command (CG MCSC) use these codes to facilitate the life-cycle management of items contained in this Bulletin, and to assist with the management/evaluation of materiel readiness trends.

5. Action

a. All Marine units, to include active, reserve, LOGCOM, Blount Island Command, Maritime Prepositioning Ships (MPS), Marine Corps Prepositioning Program - Norway (MCPP-N), and Supporting Establishment, i.e., bases, posts, and stations, will report the status of ground equipment listed in enclosure (1) of this Bulletin.

b. All of the MARES equipment listed in Enclosure (1) will be tracked and reported within MIMMS and SASSY per reference (a). Units identified by DC PP&O (POR) as SORTS reporting units will report this equipment per references (a) and (c).

c. Task-organized units/MAGTFs, i.e., MEUs, will use reporting procedures per References (a) and (c). Equipment that is listed as MEE for joining attachments will be reported by the MAGTF as MEE. For example, howitzers and MTVRs for an artillery battery and Light Armored Vehicles (LAVs) for an LAR Company are to be reported by the gaining MAGTF as MEE items.

20 MAR 2008

d. Reserve units activated and joined to a like active unit will report per References (a) and (c). Equipment listed as MEE for the gaining active unit will be listed as MEE for the activated reserve unit.

e. Units will update each deadlined or degraded Equipment Repair Order (ERO) using appropriate manuals.

f. DC I&L (LPC) will update the ID Standards File, as required or directed in Enclosures (1) and (2).

g. CG, MCCDC (Total Force Structure (TFS)) will update the readiness reportable flag indicators resident in the TFSMS Item Data File, as reflected in Enclosures (1) and (2).

h. CG, MCLC will provide DLA Weapon Item Data Transactions (WS1) to the appropriate DLA Defense Supply Centers as required, in support of any additions to Enclosure (1).

i. CG, MCLC will establish formal arrangements for the periodic validation and reconciliation of weapon systems applications files for DLA managed items.

j. CG, MCLC will ensure that a semi-annual review of Weapons System Support Codes is performed and that the current status of weapons systems is reflected in the DLA Weapons Systems Support Program Database.

k. CG, MCSC (C4IIS (PM ATLASS)) will ensure the next MAGTF Data Library (MDL) and ATLASS maintenance release reflect the proper readiness flag indicators and TAMCN allowances for the ATLASS Using Units.

6. Reserve Applicability. The MCBUL 3000 is applicable to Marine Forces Reserve.

7. Electronic copies of this Bulletin can be found on the Official Marine Corps Website under Publications (Orders and Directives), and on the Installations and Logistics, HQMC Website under the following URL: (<http://hqinet001.hqmc.usmc.mil/i&L/v2/LP/LPO/1/LPO1Home.htm>).

Summary of Additions and Deletions to the Table of MARES Reportable Equipment

1. Additions:

a. Principal End Items:

TAMCN	FA CODE	WSC	Nomenclature	MEE
A0069	9	OG	Radio Set, Vehicle, Dual VAA, AN/VRC-111	
A0075	9	VM	Radio Set, Vehicle, VEHICLE HF ALE, AN/VRC-104	
A0080	5	OH	Global Broadcast Service (GBS) AN/TRS-7	
A0081	99	OI	Radiac Set	
A0116	16	OJ	Survey Instrument, Azimuth M111	
A0124	16	ZY	Remote Subscriber Access Module	
A0126	9	VM	Multiband Frequency, Vehicle Mounted, Radio System AN/VRC-103 (V)2	
A0139	10	C9	Radio Set, AN/TRC-209	
A0156	16	OP	Camera, 360 Degree	
A0182	19	--	Recorder-Reproducer	
A0254	10	OL	Combat Operations Center, Set III - N/TSQXXX(V)3	
A0255	10	OM	Combat Operations Center, Set IV - AN/TSQXXX(V)4	
A0285	7	8N	DISMTD Digital Automated Communication Terminal (DDACT) - AN/PSC13	
A0808	16	ON	Survey System, Navigation - AN/GSN14 (One AN/GSN14 Consists of 4 each AN/GSN13)	
A0879	19	AE	Tactical Exploitation Group - Main	
A0932	19	ID	Intelligence Operations Workstation - AN/UYQ88	
A1260	5	4A	Navigation Set, Satellite Signals - AN/PSN-13(A)	
A2078	9	2Z	Radio Set, Vehicular - AN/VRC92D	
A2164	9	2Z	Radio Set, Vehicular - AN/VRC83(V)2	
A2560	13	4X	Target Locator, Designator & Hand Off System (TLDHS) (BLK II) - AN/PSQ19A	
A3252	19	IE	UAV System, Dragon Eye	
B0015	50	IF	Z-Backscatter Van	
B0056	29	--	MARCBOT Robots	
B0475	29	J5	Detecting Set, Mine, Metallic, Portable - AN/PSS12	
B0980	20	YY	Generator, LtWt, Man-Portable - MEP531A	
B2086	25	M3	Storage, Tank, Module, Water (SIXCON) - MWT166	
B2605	29	IH	Tactical Water Purification System (TWPS)	
C0005	29	II	RAPISCAN	
C4185	98	IJ	Breathing Apparatus, Underwater - MK25 Mod 2	
C4548	98	7A	Propulsion System, Small Craft (PUMPJET) - J55APRL	
C4549	98	IK	Device, Propulsion, Diver	
C5590	98	IL	Parachute, Personnel, Maneuverable 11-1-7400	
C5600	98	--	Parachute, Reserve, Personnel, Troop, Chest T-10R	
C5649	98	IM	Parachute, Personnel, Troop, Back - MC-5	
C5901	98	4V	Raiding Craft, Combat, Rubber, Inflatable (CRRC) - F470 Full Up	
C7033	30	IX	Shop Equipment, Maintenance Contact Vehicle	
D0002	32	RW	Trailer, 50T, M870	
D0009	31	U1	Truck, Tractor, 7T, w/o Winch - MK31	

20 MAR 2008

Summary of Additions and Deletions to the Table of MARES Reportable Equipment

TAMCN	FA CODE	WSC	Nomenclature	MEE
D0011	31	T1	Tractor, MTRV, w/Winch - MK32
